

## JOB POSITION STRUCTURAL ENGINEER

### About Us

Steltech Solutions Pvt Ltd is a leading engineering and detailing consultant for design, prefabrication and management of residential and commercial buildings using advanced state of the art workflow and methods. We are currently seeking candidates for the position of Structural Engineer to carry out the development, design, engineering, and delivery of high-performance prefabricated steel buildings.

### Summary

This position is responsible for project structural engineering and supporting design and research for the structural systems utilized in prefabricated construction activities. This is an important position that will require innovative design skills and a keen sense of technical detail coupled with strong communication skills.

### Required Skills and Experience

- Requires bachelor's degree in civil/Structural Engineering.
- Requires 2-4 years of structural engineering/design experience including experience on hot-rolled steel, and light gauge steel projects.
- Proficient knowledge of hot/cold steel structural systems.
- Proficient understanding of the US Design Codes.
- Proficiency in any major structural engineering finite element analysis software required; proficiency in calculation utility software is preferred.
- Experience in FrameCAD or Vertex BD is preferred but not required.
- Must possess strengths in verbal and written communications; ability to adapt communications/presentations and deliver clear and concise reports and analysis to senior management.
- Requires the ability to be self-motivated, work independently with minimal supervision, and manage junior Structural and Architectural Designers.

### How to Apply

To apply for this position, please send us a cover letter and your resume to [info@steltechpk.com](mailto:info@steltechpk.com), with the job title, Structural Engineer, noted in the Subject field. Applicants must meet the above-mentioned qualifications. Due to the high volume of applications received, we are unable to comment on the status of an individual application. Your application will be reviewed, and you will be contacted if you are chosen to move forward in our hiring process.
